

ABOUT US

HANDMADE IN HONDURAS

Proimi has been handcrafting high quality furniture for over 30 years. Over that time we have carefully listened to our customers, creating collections that are unique and portray a natural expression that only hand made furniture can provide. Every piece we create for our customers exudes natural beauty in their homes.

The materials that Proimi uses are selected with you, our customer in mind. Sunbrella fabrics, rehaus weaves and high quality teak stand out in our collections. We know your life is unique, and that is why we are flexible in our production, to match your lifestyle. As a customer, you are entitled to exactly what you desire. Our production facility prides itself on creating custom arrangements to satisfy even the most demanding clients.

Our commitment to the customer's desires, the quality of our materials and our attention to detail have graced Proimi with a sterling reputation as a dependable furniture producer. We have grown into a prime resource for distributors and clients throughout Central America, USA and the Caribbean.

Leslie Shank We bought a loveseat, chair, and ottoman about 9 years ago from you and it was the best investment we ever made. We live on the south side of the island of Roatán and the winds and salt spray are really brutal. We have lost our washer, dishwasher, garbage disposal, toaster, etc. But our furniture looks like it is brand new.
