

Chrystie. Soft & Comfortable.

RESILIENCE TX

Performance in its DNA

Why We Love Chrystie

Chrystie is a tonal chenille that will stand up to wear and tear of everyday use with a soft and inviting feel that makes you want to sink into the seating. Chrystie is available in an array of 21 colorways ranging from rich jewel tones to sophisticated, comforting neutrals.

Why You'll Love Resilience TX

The textile with performance in it's DNA.

Resilience TX upholstery fabrics are designed for performance from the yarn up. Providing durability where it's needed most, with built in stain protection, superior abrasion resistance, anti-pilling fiber, and stress-free seam strength. Love your upholstery, not just on day one, but for years to come.
